

STILLMAN TO SEEK RECONCILIATION WITH WIFE

Believed That Ex-Banker Is
Paving Way to Resume
Amicable Relations

SHOWS NEW QUARTERS

He Is Said to Have Set Apart
Room for Woman He
Tried to Divorce

NEW YORK, Sept. 28.—James A. Stillman, multi-millionaire who sought to divorce his wife and swore he was not the father of little Guy Stillman, hopes for a reconciliation with Mrs. "Fifi" Stillman it was reported reliably today.

While this astounding development was reported, it was learned that Mrs. Stillman would entertain no overtures for reconciliation until her husband admitted the fatherhood of Guy.

That Stillman seriously hopes, however, to adjust the "divorce mess" was indicated when he showed his daughter Anne, through his new apartment at Madison avenue and 42nd street before she sailed for Europe.

According to a friend of Mrs. Stillman, her husband pointed to one room after another, and said:

"That is mother's room; that is Bud's; that is Alexander's."
"This is a very interesting angle of the case and is borne out by one or two other facts which would lead one to believe that Mr. Stillman had the thought of a reconciliation with his wife," said Mrs. Stillman's friends.

OTHERS INVOLVED IN LAWES TRAGEDY

Three Men Were Seen Stand-
ing Near the Man
Shot in Arm

NEW YORK, Sept. 28.—Two men other than John P. Borland, wealthy young exporter, were on the scene of the fatal shooting of Miss Mildred Hanan, and Mrs. Grace Lawes at Brooklyn early last Friday morning, people attracted by the shots declared. District Attorney Lewis of Brooklyn, however, refused to discuss the investigation he is making of the tragedy. He said, however, that he was calling several new witnesses in connection with the report that more than one man was involved in the tragedy, and that Mrs. Lawes did not commit suicide.

These new witnesses will include Ferdinand Paye and Mrs. Kate Heron Strong. They were both aroused by the sound of the shots and looked from their windows in time to see what transpired before the arrival of the police.

Paye declares he saw a man sprawled on the front steps of his house and that two other men were bending over him, one of whom said "This fellow's been shot." Paye also saw the two men push back the sleeve of the third man's coat, exposing an arm covered with blood.

It is said that on the sidewalk in front of Paye's residence bloodstains were found the next morning, some of them leading in the opposite direction from the trail made by the wounds of Miss Hanan when she was assisted to an automobile.

Mrs. Strong says she distinctly saw three men standing on the street, one of whom she has identified as Borland.

CIVIC COMMITTEE WILL MEET TONIGHT

Members of the civic committee of the chamber of commerce have been called to a special meeting at the chamber's office at 7 o'clock tonight. At this time several matters of importance will be discussed. The chief item before the committee is the matter of investigating the Cerritos school in regard to their need of a new and fireproof building.

Other school matters will also be discussed. Action on the Cerritos school proposition was precipitated by the appeal made yesterday to the board of directors by Mrs. Ernest Morgan on behalf of the South Glendale Woman's Club.

MONROVIA GROWER OFFERS GARDNER JOB

MONROVIA, Cal., Sept. 28.—Hal F. Slemmons, wealthy citrus grower, today wired President Harding an offer to employ Roy Gardner at \$2,000 a year and give the mail bandit a "clean start again," if the President would pardon him.

"Gardner is an automotive engineer," Slemmons told the United Press. "I'll give him a job in charge of the engine equipment on my place and help him get a fresh foothold and be a free citizen again."

TRAVELING IS MADE CHEAPER BY NEW BILL

WASHINGTON, Sept. 28.—The battle to reduce transportation taxes was opened in the senate today by the "agricultural bloc."

Repeal of the taxes on freight, passenger and pullman charges next January is provided in an amendment offered by Senator McNary of Oregon, a "bloc" leader. The senate bill would cut these taxes in half after next January and repeal them on January 1, 1923.

TODAY'S NEWS

Roy Gardner, "illustrious and famous" mail train bandit, has friends in court who are going to circulate a petition to President Harding urging him to allow parole from the penitentiary to the bandit, who is now "somewhere in America." The over-zealous admirers of the bandit are asking the President to do something he is unable to do. A President has never been known to parole or pardon a fugitive from justice, and, although Gardner's case may be considered "different" by many who admire adventurers, it is quite unlikely President Harding will parole Gardner.

Dolly Gardner, the loyal little wife, today takes issue with the unknown friends of her husband and calls upon her husband to give himself up like a man and face the music. She urges him to earn his freedom and, for the sake of his child, start at the beginning again—and begin right. The nation at large will applaud Dolly Gardner and unless Gardner has changed since his blood was shed by officers at the time of his escape, he will respond to her "call to duty."

GIRL PAUL REVERE AROUSSES SLEEPERS

Fifteen-Year-Old High School
Girl Gives Fire Alarm
and Saves Lives

PASADENA, Sept. 28.—A girl "Paul Revere" was developed suddenly last night when a spectacular fire lighted up the La Canada hills for miles around and hundreds of mansions, including that of former Lieut.-Governor Wallace, were threatened by a brush fire that swept rapidly through the area between Earl and Strong canyons, five miles west of this city.

Violet Hill, 17-year-old Pasadena high school girl, mounted her horse at midnight, when the glitter of flames painted her bedroom walls, rode wildly from house to house for hours, warning sleeping residents of their danger and calling, trumpet-like, for volunteers to save the watersheds of the surrounding towns from total destruction, as the blaze mounted toward the crest of the hills behind the exclusive suburb.

Her call was answered and hundreds flocked to her standard. Working valiantly until dawn this morning, the fire brigade organized by the young "Paul Revere" finally subdued the raging flames, after hundreds of acres had been burned over.

The fire was reported to the fire department here early this morning. Residents, frantic with fear that their homes would be destroyed, called for assistance from the local fire fighters during the night, but were denied as this city has no apparatus suitable for combatting hill fires.

TRIPPETT HOLDS U. S. COURTS LACK POWER

SAN DIEGO, Sept. 28.—Federal courts have no control over the actions of city police officers, declared Judge Oscar A. Trippett in federal court here today in the case of Tom Nosis and George Belmont, charged with possession of whisky.

The defense attorney had asked that testimony of a police officer, who entered a place and arrested the two men without a proper warrant, be stricken out. Judge Trippett refused to strike out the officer's testimony.

KU KLUX KLAN NOW SEEKING FEDERAL INVESTIGATION

Attorney Now in Washington
Asking for Full Inquiry
Into Its Activities

SIMMONS STILL SICK

Inquiry Reveals That States
Have Organizations More
or Less Active

WASHINGTON, Sept. 28.—A vigorous campaign to combat attacks now being made upon the Ku Klux Klan is being carried on by the attorney of the organization, H. B. Terrill, attorney for the Klan, said here today.

The Klan will urge action on the resolution of Representative Tague, Massachusetts, calling for an inquiry into its affairs, he said.

SIMMONS ILL

ATLANTA, Ga., Sept. 28.—Confined to his bed, suffering with laryngitis, William Joseph Simmons, imperial wizard of the Ku Klux Klan, will "not be at his office at Klan headquarters today," an announcement at the "imperial palace" stated. "On the advice of his physician, the imperial wizard will remain confined to his bedroom today," said the announcement.

No action on the resignation of Edward W. Clarke, imperial klanicle, and Mrs. Elizabeth Tyler, head of the propagation department of the order, likely will be taken by Simmons today, Klan officials stated. Clarke, who disappeared from Klan headquarters a week ago, was still absent today.

CLEVELAND ACTS

CLEVELAND, O., Sept. 28.—Grand jury investigation of the Ku Klux Klan was started here today by Prosecutor Stayton. All efforts to locate organizers of the Klan have failed. Henry Love, district klanicle, has disappeared.

SAN FRANCISCO, Sept. 28.—Although known to be engaged in organization work in California, the Ku Klux Klan has indulged in no activities gaining notice within the state.

DENVER ORGANIZED

DENVER, Sept. 28.—Existence of a local Ku Klux Klan, with headquarters maintained in an office building here, has been known for several weeks. Investigation by a local newspaper revealed the fact that organizers from Atlanta, Ga., were here last June and established a Klan and that plans were made for starting a membership drive in this section this fall. No action has been taken by officials to check the activities of the Klan.

MARGUERITE JACOBS WILL TELL SHERIFF

RIVERSIDE, Cal., Sept. 28.—Marguerite Jacobs, 16-year-old daughter of Mr. and Mrs. Peter Jacobs, who mysteriously disappeared from her home in Corona a few weeks ago, returned home quite as mysteriously today, but refused to talk. She and her father state they will tell the story only to the sheriff.

The girl is reputed to have run away with Arthur L. Blake, a married man with two children living neighbors to the Jacobs family. The car in which they are said to have eloped was traced to Tia Juana and then up state to Sacramento. Since abandoning the car at Sacramento all trace was lost, and the girl's return was quite as mysterious as her going away.

Building Committee Invites
Site Propositions Be Made
by Saturday Afternoon

A committee appointed by the chamber of commerce to confer with members of the board of trustees of Glendale Union high school in an advisory capacity and to consider possible school sites, met last night and organized, with Peter L. Ferry acting as chairman and Charles Young as secretary.

During the general discussion, several sites were proposed including property estimated roughly to be worth the figures quoted herewith:

Thom ranch, 20 acres, at Jackson and Doran streets, \$55,000.

Lukens property, 17 acres at Broadway and Verdugo road, \$4,000 per acre or \$68,000.

Gray ranch, 20 acres at Patterson, Kenilworth and Doran.

Twelve acres at southwest corner Verdugo road and Colorado street, at \$3500 per acre, \$45,600.

One block, or five acres, contiguous to present site, valued one year ago at \$161,000, now estimated to be worth double that amount.

Present grounds and buildings valued at \$350,000.

The probability that there are other sites which might be available was suggested, and the secretary was asked to invite anyone having such a site which he could submit, with an option to purchase, at a definite figure, to meet with the committee, Saturday afternoon at chamber of commerce headquarters at 2:30, when a tour of possible sites will be made by the committee.

Present last night were High School Trustees Daniel Campbell, Dr. H. V. Brown, Mrs. Blanche Gardner and Capt. Thos. D. Watson. The chamber of commerce was represented by Charles Young, Mrs. John Robert White, Mrs. Charles H. Hutchinson, Peter L. Ferry and H. V. Henry. Other members of that committee are E. K. Barnes, Mrs. Kemper Campbell, James McBryde and Alfred Cromwell.

Several matters of business were given attention when the board went into executive session, the most important being the vote to purchase a dish washer for the school cafeteria, to cost \$500.

PETITION HARDING PAROLE GARDNER FROM PRISON

Judge Reid Declares That
Move Is Rotten and Silly
Sentimental Stuff

TACOMA, Wash., Sept. 28.—Petitions urging President Harding to parole Roy Gardner, mail robber who escaped September 5 from the federal prison on McNeil's Island, will be circulated. A prominent business man of Old Tacoma is said to be sponsoring the movement.

"We want to send Gardner back to his wife and family," this man said. "One who strongly objects to the movement is Judge George T. Reid. He said the proposed action is 'rotten.'"

"Gardner is a desperate mail train robber. This parole proposal strikes me as the most sickening, mawkish sentimentality I ever heard of," the judge said. "There is no merit in it. I do not think any President would give five seconds' consideration to it."

NEW MEMBERS WILL BE PRESENTED FRIDAY

New members who joined the Chamber of Commerce since August 6 are preparing to attend the dinner to be given on Friday night at the First Methodist church, corner of Kenwood and Wilson street by the ladies of the church to the members of the chamber of commerce.

At this banquet, which will be held at 6 o'clock, the new members are to be formally presented to the board of directors. An urgent request that every old member that has secured a new member since the last open meeting of the chamber on August 6 will be present at the banquet.

"AIN'T WE GOT FUN" IS "DOC" HERD'S LATEST

E. D. (Doc) Herd is claiming the distinction of having purchased the most expensive coca-cola known. Yesterday he walked across the street from the Salmacia music store on North Brand boulevard, where he is employed as a piano salesman, and bought a drink.

Upon his return to the store he found that a client had come in, purchased a \$1500 piano, paid for it and departed, the commission going to another salesman who was on the job at the time.

MANSLAUGHTER THE BEST ARBUCKLE GETS TODAY

State Rests Its Case When
New Witness Tells of
Hearing Scream

MRS. DELMONT WANTED

Attorneys for Defense Make
Desperate Effort to Get
Her on the Stand

SAN FRANCISCO, Sept. 28.—Roscoe Arbuckle was held to answer on a charge of manslaughter as the result of the death of Virginia Rappe, following his Labor Day party. Police Judge Lazarus made the order holding Arbuckle for the lesser crime with which he is charged after an hour's argument.

This opens the way for Arbuckle to secure his release on bail. The charge of first degree murder was dismissed.

SAN FRANCISCO, Sept. 28.—By nightfall Roscoe ("Fatty") Arbuckle will know whether he must stand trial for murder.

Anxiously, today the big comedian, his wife and attorneys awaited the convening of court this afternoon at 2 o'clock when Police Judge Sylvian Lazarus will announce his decision. There was all indications today that Arbuckle will be held to answer in superior court. Judge Lazarus late yesterday informed the defense that he will deny their motion to dismiss the charge. The judge has power to reduce the charge from murder to manslaughter and it is on this authority that the defense bases a faint hope that their noted client will not have to face a jury charged with the murder of Virginia Rappe.

When court convenes the defense will be given the opportunity to call witnesses in Arbuckle's behalf. Unless the state backs down from its determination not to put Mrs. Bambina Maude Delmont on the stand, the defense is expected to rest its case. Should they be able to force Mrs. Delmont to the stand then the defense probably will call two or three witnesses.

Arguments on law are expected to be brief. The case then will be squarely in the judge's hands for decision.

The state brought its case to a close in a dramatic manner. Zeh Prevost and Alice Blake, guests at the fatal party, had told in detail events of the afternoon of the party. They related that Miss Rappe went dancing "with kind of a skip" into room 1219 of the Arbuckle suite; that a moment later Arbuckle followed and closed the door; that it remained closed 45 minutes and was opened only after Mrs. Delmont had kicked on the door and demanded that it be opened. They told of finding Miss Rappe moaning, "I am going to die," and of the first aid treatment given her. The defense cross-examined generally, apparently reserving their fire for Mrs. Delmont. But Mrs. Delmont did not appear.

Instead a chambermaid from the hotel in which Arbuckle staged his party took the stand. In labored English she told of hearing a woman scream in 1219:

"No! no! Oh, my God, no! and a man reply, 'Shut up!'"

And with this bombshell the state rested its case. Vainly the defense, supported by Judge Lazarus, urged that Mrs. Delmont testify.

"She is a mere incident to this case," the district attorney replied. "Our case is complete."

At the meeting of the Glendale Commandery last night the degree of Knights Templar was conferred in a most impressive manner by Past Commander Clem Moore upon Francis J. W. Henry, with all past commanders from Ed Daniels to Percy Prialus present, except Mattison B. Jones who is at Asheville, N. C., attending the General Grand Chapter meeting.

It is the announced intention of Commander Daniel Campbell to have that degree put on by all the past commanders in turn during the year. A number of visitors from out-of-town were present and most of the commandery. Tonight, members go to Pasadena to see the Temple Degree put on by officers of the Long Beach Commandery.

GUTHRIE POINTS TO CITY'S ATTEMPT TO DIVERT TRAVEL

Condemns the Distribution of Literature at Homes and on Streets of City

Addressing the directors of the Glendale chamber of commerce yesterday, Charles B. Guthrie related to the board the opposition Los Angeles and its annexed territory is putting in the pathway of Glendale's advancement.

Mr. Guthrie pointed to the fact that near the large Glendale sign at Brand boulevard and San Fernando road there is a sign marking a detour to Los Angeles through Lankershim and Hollywood and says that the route through those two towns is the shortest route to the city. He also pointed out that in the Blue Book for automobile tourists there is no mention made of Glendale. He advocated the opening of Patterson road as an outlet to Los Angeles in competition with the route now advocated by Los Angeles and surrounding annexed districts.

"The opening of this road," said Mr. Guthrie, "would aid in making Glendale one of the leading cities of Southern California instead of an adjunct to Los Angeles."

Mr. Guthrie also advocated that some action be taken to regulate the miscellaneous distribution of literature on the streets of Glendale and the present influx of tramps.

To relieve the transportation situation in the west side of the city and other isolated portions of Glendale, Mr. Guthrie advocated the establishment of a belt bus line to circle the entire city, furnishing transportation to people who are at present forced to walk a mile to the nearest car line.

In his closing remarks, Mr. Guthrie referred to the school situation in Glendale and made a plea that politics be kept out of the schools for the welfare of the pupils.

"CHRISTY" BENEFIT TO BE PLAYED FRIDAY

NEW YORK, Sept. 28.—Harry F. Sinclair yesterday sent in his check for \$500 for a box at the Matignon testimonial game here Friday. John A. Heydler, president of the National league, also made a personal subscription of \$250.

Arthur Devlin, manager of the Old Timers' team, made up of players who played with and against "Matty," announced this line-up: Pitchers, Joe McGinnity, Amos Rusie, George Wiltse, George Bell; catchers, Roger Bresnahan and Jack Wagner; first base, Fred Tenney; second base, Billy Gilbert; shortstop, Bill Dahlgren; third base, Arthur Devlin; left field, Joe Kelley; center field, Harry McCormick; right field, Jack (Red) Murray; utility infielder, Hans Lobert; utility Deed—Ralph and Nina Bartlett to

Four Million Men
WASHINGTON, Sept. 28.—Comprehensive plans for creation of the organized reserve of the Army on a basis to permit quick mobilization of more than 4,000,000 fighting men have been prepared by the General Staff. An outline of the preliminary steps was made public today.

GOSSIPERS INSANE SAYS HEALTH OFFICER

KANSAS CITY, Mo., Sept. 28.—Men and women who gossip, said Dr. E. H. Bullock, their right mind and should be in the closest attention to get them back to normal. They have been called "assassins of character," and E. C. B. Jenkins, a former secretary to the Board of Police Commissioners of Kansas City, says, in the Detective, February, 1921, that the neighborhood gossip and the anonymous letter writer and most vicious form of insanity known to medical circles. Their distorted imaginations visualize scenes which they would have come true.

Gossip and anonymous letters, says the New York Medical Journal, are a constant pest at police headquarters, but reports registered with police officers in an attempt to injure character by these means of false telephone reports are a failure; in fact, the police take more pleasure in racking the informer than the one informed about.

MEDIUM AID TO GERMAN POLICE

BERLIN, Sept. 28.—Utilization of spiritualistic mediums by the police is the latest German method of running down criminals. It was first employed at Heidelberg, when the burgomaster of that city was murdered, and later in the assassination of Matthias Erzberger.

The police at Heidelberg had a spiritualistic medium go into a trance. The medium then recalled incidents of the crime and described the murderers. From the description furnished by the medium the police were enabled to make arrests which led to a solution of the crime. A medium at Mannheim was utilized in the Erzberger case. She told of the shooting, giving details that were corroborated by the police, and described the trail taken by the murderers. She said that they were at the present time hiding in Naples.

At the time of the seance the police were working on a clue that the assassins were in Switzerland. The two murderers were described either as soldiers or ex-soldiers.

"MR. ZERO" HAS TALK WITH PRES. HARDING

WASHINGTON, Sept. 28.—Urban LeDoux, the "Mr. Zero" who auctioned jobless men on the block in Boston common to call attention to the unemployment situation, had an interview with President Harding yesterday.

The interview lasted 25 minutes, and the kindness and courtesy of the President evidently made a deep impression on LeDoux, who was plainly pleased with his visit.

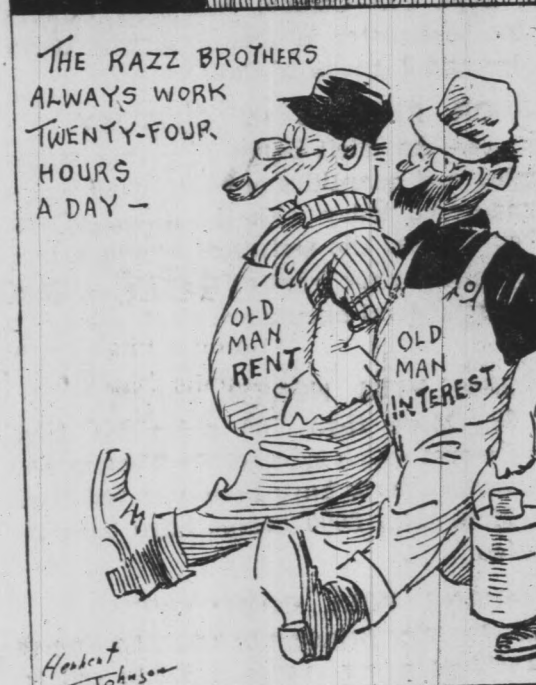

ONE DRESS IN FIVE YEARS OF WEDDED LIFE

CHICAGO, Sept. 28.—Five years of married life without a single new dress and no furniture except a bed and table was enough for Mrs. Selma Scully. On the fifth anniversary she sued Robert Scully, having an income of \$4,000 a year, for divorce.

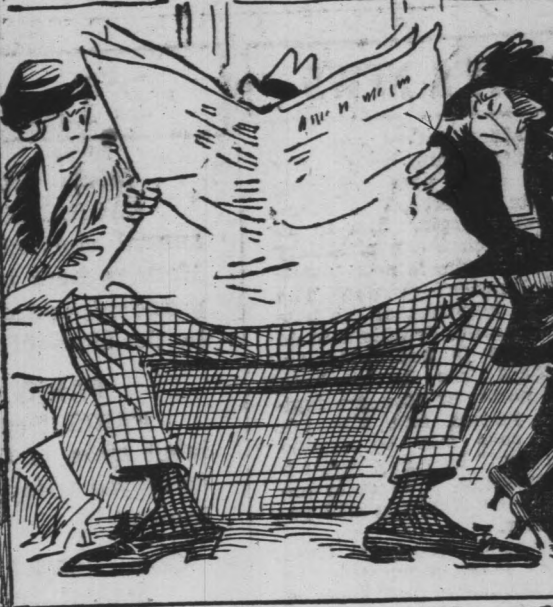

Mrs. Scully also charged her husband with cruelty and said he was the most parsimonious man she had ever met.

TWO HUNDRED FIFTY LOVE NOTES IN GIRL'S ACTION

NEW YORK, Sept. 28.—Interesting details of the college romance of pretty Sardonis Elise Henry and Chauncey Judd Stewart, which began in Cornell University in May, 1918, and ended July 30 last, in an action begun by Miss Henry in the New York Supreme Court to compel Stewart to pay her \$100,000 heart balm, came to light recently.

Among the disclosures was the novel method adopted by the young couple, who are only about 24 years old, to make their engagement known to the members of the college fraternity of which Miss Henry was a member at Cornell. Her fiancé purchased a 5-pound box of de luxe bonbons, placed in it the cards of his fiancée and himself, linked by a silken ribbon, and dispatched it by messenger to the fraternity building on a regular meeting night.

The announcement was, so the story goes, received with acclaim by the sorority.

Miss Henry is the daughter of John S. Henry, wealthy piano manufacturer, and lives with her parents in this city.

Son of Millionaire

Young Stewart inherited a large estate at the death of his father, Judd Stewart, millionaire New York banker, in July, 1920, at his summer residence near Plainfield, N. J. He makes his home on a farm near Ghent, N. Y. He occupies his leisure time in raising fine fruits and carrying out his pet plan for scientific farming.

Miss Henry spent four years in the School of Arts and Sciences at Cornell and earned the degree of master of arts.

Young Stewart's inclination led him to take the courses in the School of Agriculture. The two students were

graduated at the same time in June, 1919.

Stewart and Miss Henry met at a house party in Ithaca in May, 1918, and were introduced by the warden of Risley Hall, a fraternity chapter house of Cornell University.

The young couple were at once drawn to each other and acquaintance changed to friendship and the latter to love with kaleidoscopic rapidity.

150 Ardent Love Letters

After graduation Stewart went to his home at Ghent. Miss Henry returned to New York. At least once a week, and sometimes more frequently, according to Miss Henry's counsel, Stewart motored down to visit his fiancée. When it was not practicable to come in person the infatuated young man sent a letter telling his love in glowing language.

Counselors for Miss Henry have in their possession some two hundred and fifty of these ardent missives, they declare, and while they would not permit even a glimpse of them before they are to be introduced and read at the trial of Miss Henry's action, they gave assurance that the jury will find very interesting reading.

One of the things Miss Henry told her fiancée in the early stages of their romance was that she has relatives in Ireland, and in one of his letters he paints an alluring picture of the "visit after we are married."

By an Exhibit

The alleged jilting of Miss Henry by her fiancée, which forms the basis of her action, occurred, her counsel says, in April last, but they declined to supply any further details.

An exhibit that may be produced at the trial next fall is a magnificent \$15,000 solitaire diamond ring given Miss Henry by young Stewart as a vivid pledge of their troth.

STUDENT BODY TALKS ON APPROPRIATIONS

The cabinet meeting of members of the student body administration of Glendale high school yesterday afternoon, was comparatively uneventful. The big business had been transacted at two special meetings on Thursday and Friday of last week, when a budget was discussed and adopted.

Strong petitions for heavy appropriations for both the explosion, the school paper, and athletics, were presented, but the income would not have been sufficient to cover the full demands. The matter was finally adjusted satisfactorily on a percentage basis.

At yesterday's meeting, the secretary of publications delivered student body tickets and plans were made for the selling campaign, which will be inaugurated next Monday. The price has been fixed at \$1.50.

The purchase of megaphones for yell leaders was authorized.

STATE BOOSTS COST OF VETERANS' KEEP

SACRAMENTO, Sept. 28.—Beginning November 1 next, Ralph T. Fisher, director of the State Department of Institutions, has formally notified Col. W. R. Forbes, director of the Federal Bureau of War Risk Insurance, the rate on war risk beneficiaries now under treatment in various State hospitals will be increased from \$30 to \$40 per month.

Fisher said the State could not be accused of profiteering on former soldiers, as the rate of \$40 per month will only slightly more than pay for the actual cost of food and service, without taking into account millions of dollars represented in permanent investments such as hospital buildings, grounds and other properties.

GEORGE RUMSEY HAS RICH GOLD STRIKE

LOS ANGELES, Sept. 28.—Wanted George Rumsey. He is not wanted by the police, however, but by a man who wants to give him a half interest in a gold mine.

"Rumsey and I staked out a claim in Arizona 30 years ago," said E. R. Gates. "It didn't look good then, but we both forgot all about it. Now, however, it has developed into a producer, and a rich one. I'm trying to find George to give him his half."

SUICIDES ADVISED TO SHUN "BAD PLACE"

LONDON, Sept. 28.—A warning to would-be suicides to shun the terror of hell is uttered by Sir Oliver Lodge in a remarkable article in the Fortnightly Review. The article is entitled "The Ethics of Suicide."

"Some desperate souls may say, 'we don't care, we are in hell now. If we are in hell hereafter, it will not be any worse,'" says Sir Oliver. "But it will be worse. It will be torment. Hell is not so easily realized."

Sir Oliver claims that he has received communications from suicides in hell. He reports one young scientist who, after death, found himself in a kind of reformatory. Others who were in a miserable condition when they took their lives are treated leniently in hell.

RACE PROBLEM WAS THEME DISCUSSED BY TEACHERS

Glendale City Teachers' Club Holds Its First Fall Business Meeting

The opportunities offered teachers to help in solving race problems was the theme of an address by Miss Ida Christine Iversen, president of the Los Angeles City Teachers' Club at the first fall meeting of the City Teachers' Club of Glendale, Tuesday.

It dealt with her experiences as a delegate to the educational conference of all nations frontiers the Pacific which was held in Honolulu in August, and called by the United States Department of Education. Delegates from the United States numbered about forty; China sent nine, Japan five, and about 40 more were distributed among other countries of the Pacific.

David Starr Jordan was the honorary chairman and presided over the session, the Governor of Hawaii being the president of the Union.

Miss Iversen said the conference was not primarily to consider school problems but instead to reduce the friction of races and promote the brotherhood of man by bringing about a better understanding between nations. This it was felt was a matter of education and so, naturally, the promoters of the movement turned to the teachers who are moulding the characters and opinions of the rising generation.

It was believed that the Hawaiian Islands, standing at the cross-roads of the Pacific with their mixture of nationalities, would afford excellent opportunity to observe the adjustment of races both in theory and practice.

"We found," said the speaker, "our attitude toward the other races was more important than the subjects discussed and that we look less at their frailties than our own."

"One of the Japanese delegates declared Japan needed more of the international spirit and so did America. He said they believed in the Americanism of Washington and Lincoln, and taught both in their schools."

"A Chinese delegate said if humans want to control their destiny they must work together. A strong plea was made for histories and geographies that tell the truth."

In closing Miss Iversen referred to the impression which the conference made upon her, saying: "I saw as never before the scope of the work of the class room teacher. The war left a sick world to be healed through the processes of education. It is the business of the teacher to help and it behooves us to pause and consider our influence."

The address was preceded by vocal numbers by Mrs. Kent of Central Avenue School who sang, "The Kerry Dancers" and the amusing little skit, "Matilda" by Lisa Lehman, Miss Gladys Sharpe playing the accompaniment.

A business session completed the afternoon's program, at which the presiding officer, Miss Carrie Noble, president of the association, called for committee reports by its chairmen.

On behalf of the advisory committee Miss Clara Midcal reported the success which had crowned efforts to increase the salaries of Glendale classroom teachers to a minimum of \$1300 and a maximum of \$1700. The report was accepted with a rising vote of thanks to the committee.

An invitation from the Parent Teachers' Federation to a teachers' reception to be given in the girls' gym on the high school grounds, October 10, at 8 p. m., was read by the secretary and followed by a vote to accept.

Refreshments of macaroons and fruit punch were served at flower decked tables in the library of the school before the session opened.

CARL GANTVOORT IN "A CERTAIN RICH MAN"

Carl Gantvoort, former opera star and matinee idol of the stage, makes his second bow to the movie fans in Benjamin B. Hampton's photoplay of the famous novel by William Allen White, "A Certain Rich Man," the Holdikins release, which plays at the Glendale theater today and Thursday.

One of the film actors was inclined to think that the becoming style in which Mr. Gantvoort wears his hair in this picture, combed straight back from the forehead, was not technically correct for the first two periods of the picture, 25 and 15 years ago respectively.

"That's a 1920 college football haircut you've got, except that it's a little longer," he challenged.

"No, my haircut is all right for the period," said Carl good-naturedly. "What's more, I can prove it. I've got some wonderful evidence on my side."

"Trot out your proof!" he was told. Next morning he brought to the studio six old family albums from as many different families and showed the skeptic dozens of hair-cuts like his own!

"THE GREAT MOMENT" BEGINS ON THURSDAY

Gloria Swanson and Milton Sills play together for the first time in Miss Swanson's first Paramount starring vehicle, "The Great Moment," which was written for her by Mme. Elinor Glyn.

Mr. Sills plays the lead, Bayard Delaval, a young mining engineer. The picture will be shown at the Palace Grand theater Thursday, Friday and Saturday.

Although each of these screen players is well-known to the public for brilliant past achievements, this is the first picture in which they have been associated. They have been playing at the same studio for several months. Mr. Sills will be remembered for his work in George Melford's "Behold My Wife!" and "The Faith Healer," and Miss Swanson for her leading roles in several of the latest "Mae" film productions, including "Mae's Girl," "Why Change Your Wife?" and "Something to Think About."

CITIES LEAGUE NOW WITNESSING BIG POWER FIGHT

Proposed Amendment Seems
Certain of Being En-
dorsed Tonight

OCEAN PARK, Sept. 28.—The League of Municipalities, in convention here, was today to pass judgment on the proposed state constitutional amendment creating a state power bureau and authorizing the issuance of half a billion dollars worth of bonds to finance the bureau's operations.

It seems probable, in spite of sharp opposition that approval of the measure would be secured from the convention before midnight, largely through the efforts of the Los Angeles bureau of municipal light and power.

City Attorney Arthur H. Henning of San Mateo, is leading the northern wing of the opposition, and has brought with him a series of protests from the Bay district, where the smaller cities fear the domination of larger municipalities.

H. S. Kasey Abbott, president of the board of trustees of Calexico, represents the southern wing's opposition. Senator Rominger of Long Beach was prepared to bombard delegates with masses of taxation data, built up as a result of the King tax fight.

Gifford Pinchot was slated for a spirited offensive in favor of the measure. Mayor Porter of Riverside, also a leading exponent of the proposal, expressed confidence tonight that City Manager Koiner of Pasadena, who will make the leading address in support of the measure, will carry his point and make passage of the measure a foregone conclusion. Opposition was expected from Whittier, San Diego and Orange county, as well as from a part of the San Joaquin valley.

RAILROAD HEADS DO NOT EXPECT STRIKE

Believe Labor Leaders Will
Urge Abiding by Wage
Cut Recently Ordered

CHICAGO, Sept. 28.—Railroad executives do not fear a general strike of rail employees.

The "Big Four" brotherhoods, they say, will vote to quit work rather than accept wage cuts recently ordered by the United States railroad labor board, but going through with a strike, heads of leading lines declared, is an altogether different proposition.

"I do not doubt but what the men will vote to strike," W. B. Storey, president of the Atchison, Topeka & Santa Fe, said. "Their decision, I believe, will be overruled by the better judgment of their leaders," he said. "Personally, I do not think a strike order will be issued."

"The railroads did not make the reductions. It was the railroad labor board which ordered the pay cuts. The men are dealing with the government now and I am confident they will eventually accept its mandate as final."

Heads of other roads felt that if it came to a showdown, only a few employees would be willing to quit.

JOHN WANAMAKER BLAMES GOVERNMENT

NEW YORK, Sept. 28.—John Wanamaker today charged that excessive government taxation is largely responsible for the continued high cost of living.

The famous merchant declared that retailers could not make any further reductions in commodity prices until the taxation burden is lightened and manufacturers and wholesalers set the pace.

"It must not be lost sight of that the price of everything were largely advanced by the government in Washington, through various taxes placed on sales, which could only be met by placing stamps on articles for which customers had to pay," he said.

"The government still holds down the retail business by taxes on sales; taxes on excessive sales; taxes on incomes, and all these things have brought about a high cost of living. Because the people of the United States are waiting for the government to reduce the cost of living by taking off the heavy charges put on as war measures."

UNCLE SAM WILL NOT ENTER PRELIMINARIES

WASHINGTON, Sept. 28.—The United States will not be drawn into any preliminary conference with regard to the outcome of the disarmament conference, it was officially stated at the state department today.

This statement was made when comment was sought on statements by foreign leaders predicting an uneasy way for the conference without Russian representation. The administration, it was said, will not make any reply to statements with regard to the conference, but will proceed along the lines of the agenda laid down.

SEARCH FOR DENVER BROKER WITH \$45,000

DENVER, Sept. 28.—A nation-wide search was on today for Henry Horn, head of the Henry Horn Brokerage Co. here, whose disappearance last Thursday was followed by discovery that stock and securities to the value of \$45,000, entrusted to his care, were missing.

Horn left for Wyoming on a business trip last week. Failure to return caused a check to be made of his accounts, and the alleged shortage was discovered.

Times have certainly changed! A few profiteers now would help the Government mightily in solving its taxation problems.

If there is anything in California that sounds more encouraging than the builders' hammer, please name it.

"Mars" Weeks, Member of Harding's "Parnassus" Cabinet

The President at a recent gathering gave out several Cabinet secrets, saying that Secretary of War Weeks was addressed as "Mars," the god of war. Later it was learned that other members of his official family had been given nicknames. The above photo shows what Secretary Weeks would look like if in the character of "Mars." "Mars" was the god of war, who gloried in strife for its own sake. "Mars" is represented as a man of youthful appearance, his tall, muscular form combining great strength, with wonderful agility. In his right hand he bears a sword or a mighty lance, while on his left arm he carries his round shield.

HEART OF AMERICA ASSEMBLES SOON IN KANSAS CITY

MANY FAMOUS MEN OF WAR PER-
IOD HAVE ACCEPTED INVITA-
TION TO ATTEND GREAT GATH-
ERING OF THE BUDDIES

KANSAS CITY, Mo., Sept. 24.—The "Heart of America" is soon to capitate. American Legion members a hundred thousand strong will enter the city October 31 in the greatest "drive" of the year—the third annual national convention of former service men.

Terms of the surrender of the city to the invading hosts have already been made. The city offers its all and adds—"Welcome."

"Meet your old buddies" is the keynote of the invitation being extended from convention headquarters to the service men and women of the nation. And from every nook and corner the legionnaires will come in response to the call for one of the greatest gatherings held in the Middle West.

Among those who have answered the invitation of comradeship are Marshal Foch, Admiral Beatty, General Pershing, General Diaz, Admiral Sims, Major-General John A. Lejeune and Mme. Ernestine Schumann Heink, as well as twenty-five winners of the Congressional Medal, the highest award for bravery. Tentative acceptances are being considered by President Harding, Lieutenant-General Baron Jacques, of Belgium; Lieutenant-General Sir William Currie, former commander of the Canadian Corps in France; Vice-President Calvin J. Coolidge, Samuel Gompers, president of the American Federation of Labor; Rear Admiral R. E. Conant; Major-General Charles D. Mencher; Brigadier-General William C. Mitchell; the commanding generals of all components of the divisions in the World War and the Governors of twenty States.

Hundred Thousand Expected
It is now believed that fully 100,000 visitors will be here during the convention, which will be in session October 31 and November 1 and 2. Sixteen railroads have made this great figure possible by offering rates of a cent a mile to legion members and their dependents.

The First Annual Convention of the Women's Auxiliary of the American Legion will be held at least 5,000 women will be drawn, will be held in Kansas.

JOSEPH MOORE PUT IN JAIL BY MOTHER

LOS ANGELES, Sept. 28.—Joseph Moore, motion picture actor and brother of Owen, Tom and Matt Moore is in jail today on charges of drunkenness preferred by his mother.

Moore was said to have made unsuccessful experiments with internal applications of toilet water and vanilla extract. The young man admitted at the jail that he had been intoxicated for a week.

"A week nothing," asserted Mrs. Moore with emphasis. "Eight years is more like it."

Moore eloped in 1917 with Grace Cunard, film star. He now lives with his mother in Hollywood, however.

HALT INVESTIGATION ARBuckle BOOZE CASE

SAN FRANCISCO, Sept. 28.—Robert H. McCormack, assistant to the United States Attorney-General, announced that the Federal grand jury investigation of the source of the liquor supply alleged to have been consumed at Roscoe ("Fatty") Arbuckle's Hotel St. Francis party, would be halted pending completion of an investigation being made by E. Forrest Mitchell, California prohibition director.

McCormack said he did not know how much time would be required by Mitchell to conclude his investigation.

AND NOT SO DANGEROUS.
Rub.—Squaring the circle is said to be an impossibility.

Dub.—I'll bet it's not as hard as squaring the eternal triangle.

City at the same time. Annual reunions of the eighty-ninth and thirty-fifth divisions and a number of minor regimental reunions will be additional attractions. More than eight hundred veterans of medical units of the World War, who will attend the conference of physicians and surgeons of the Middle West October 24 to 28, will remain for the Legion convention. The conference will be a joint session of the Medical Association of the Southwest, the Medical Society of the Southwest Valley, the Medical Veterans of the World War and the Mid-Western Association of Anesthetists.

A parade of more than 40,000 Legion members will be a most inspiring feature of the entertainment events. One hundred bands and drum corps will provide the music to the stirring tread of marching feet.

A program of night bombing, parachute drops, trials for the world's aerial record and other feats of aerial prowess will be featured in the three-day flying show that will be staged

under the auspices of the Flying Club of Kansas City. A culminating feature will be the American Legion Derby, a 150-mile race open to any make of plane. A purse of \$10,000 in cash prizes and cups to the value of \$10,000 will be awarded to winners in the events. A number of famous aces in the American forces have been enrolled for the contests.

TO THE MOTHERS OF THE MEN OF TOMORROW! Mr. Robinson extends an invitation to all mothers to visit his shop for men and boys, at 116-A South Brand boulevard! Perhaps you did not know that ROBINSON'S MEN'S SHOP is also a boys' line of boys' clothing from six years up! And Mr. Robinson has just received a full new line of boys' stylish dress caps in all of the good-looking fall shades. And for school and best wear they have an especially nice line of heavy lined all-wool blue serge knickers for boys of all sizes! Then, there are the Tom Sawyer blouses, which all little fellows just love to wear! And do you know, that I believe they take more interest in keeping a real, honest-to-goodness Tom Sawyer blouse clean? Robinson's new fall stock has just been received, so they are now in a position to supply you with any size you may need. Three pair for \$1.00 is an unusually low price on boys' stockings, you say! But that is the price for which Robinson's are selling boys' Black cat stockings in the heavy fall weights—and they certainly do wear well! If you've not visited their shop do take your small son in and make Mr. Robinson's acquaintance. Once you've seen their stock you'll never be satisfied to buy elsewhere—for their same policy of style and quality which has distinguished them with their men's wear—is characteristic of Robinson's Boys' Department!

THE FLOORS OF YOUR HOME show the first indication of its age. But even they might be deceiving. Dedication ceremonies on the site of Kansas City's \$2,000,000 Liberty Memorial to her war dead will be held

just prior to the parade. A number of distinguished visitors will give addresses at the dedication program.

The hotels and housing committee are prepared to hold a rigid supervision over the rates charged at all hostels and rooming houses. Hotel rates will not be advanced during the convention.

"All we do is sign the payroll," was once the well-known lugubrious plaint of the four million victims of army efficiency. The convention's committee on registration has perfected a

system by which the Legion men will be required to sign the dotted line only once, which will suffice for the complete information concerning the visitor. The member will give his name and address and the organization he was with in the army, navy or marine corps.

The Legion Post member who desires to attend the convention should give his name to his post adjutant, who will forward it to the department adjutant. Reservations will be made by the State adjutants with the hotels

A MUSIC-LESS HOME? No, indeed, that cannot be—for music is the very essence of harmony—and what is a home without harmony? At the NEW ARTISTIC BRUNSWICK SHOPPE, 126 South Brand boulevard, you will find just the phonograph for your family! It is the first full-size cabinet model, with record cabinet and just everything complete, that the Brunswick Radio-Collender Co. have ever made, for only \$100! This Brunswick has all of the exclusive features which have made the larger models so very popular—the wonderful wood-tone chamber, which is, you know, responsible for the mellow, golden tones which characterize the Brunswick; the patented automatic stop; and the exclusive balancing top—so the children won't get their fingers pinched! Of course it has the dandy Brunswick cabinet work for which the Brunswick phonographs are known! This \$100 model may be had in all of the popular finishes, and on special terms at the Brunswick Shoppe. There is another thing—buying a Brunswick at the Brunswick Shoppe assures you of "Service Promises Fulfilled" and I think you will find that their service is a little in advance of all others—for with each machine they sell goes a service guarantee! A small down-payment of \$10 will put the new model Brunswick in your home today!

THE STATEMENT that the new Thor 32 is the most durable washing machine ever built for home use is the absolute truth! The design, workmanship and material used in the machine insure a lifetime of wholly satisfactory service. At the GLENDALE ELECTRIC CO., 132 North Brand boulevard the Thor 32, with its new Lumidol cylinder is now being displayed. And this cylinder is just excellent, for it is smooth, light weight and durable, and positively does not attract grease, soap or alkali! Then, besides these advantages, which give you every thing that could possibly be desired in an electric washer, there is still one more! The Thor is guaranteed to be all that it is claimed to be! Go to the Glendale Electric Co. and examine the Thor carefully for you cannot afford to put your money into anything else when you can get such high efficiency and life-long wear only in the Thor!

IF YOU ARE FURNISHING A home, or need a new rug or two, all means go in and look over the new rugs just received by the EN-TERPRISE FURNITURE CO., 216 East Broadway. With a riot of cleverly combined colors and rich materials, the most fastidious shopper will surely find a rug after her own heart. There is a complete stock of beautiful Axminster, Brussels and Velvet rugs reasonably priced.

MOST EVERYONE is thinking of home building these days, and the charm of selecting furniture, draperies and bric-a-brac often crowds out the consideration one should give the walls that enclose the furnishings. But attractive walls enhance the beauty and charm of the whole room. Cheap paper is unsatisfactory, for it not only cracks and falls, but fades quickly, and the designs will grow tiresome in a year or two. So a high-grade paper is better and costs less in the long run. If L. H. ALLISON, 105 West Broadway, is your decorator, you are assured of superior service and quality of materials. Mr. Allison has had years of experience in this business and employs only skilled workmen. He has just received a shipment of wall paper of the latest and most attractive patterns from an eastern market. For quick disposal, Mr. Allison has marked his stock of wall paper to sell at greatly reduced prices. This is the opportunity to make your home "different," to reflect your own personality and individuality. If you will drop in at the store Mr. Allison will be glad to give you suggestions.

MARTHA MALICIA

A WOMAN WITH A YOUTHFUL FIGURE never looks old! Yet why is it so many women permit themselves to lose their youthful figure lines so early in life? Certainly this is not neglect! No right thinking woman deliberately neglects her figure! Expert Corsetiers will tell you that more figures are lost through wearing unsuitable models or improperly designed corsets than from any other one cause.

No woman today need wear an improperly designed corset or an unsuitable model for her figure, if she will be guided by the advice of an experienced corsetier. Scientific corseting can, and will, preserve the youthful lines of the figure almost up to the point of advanced age if the ordinary rules of nature are observed. HATZ'S, 132 South Brand Boulevard, have found that the Modart Front Laced Corset are usually effective in assisting figures that have been improperly corseted and in preserving youthful lines. They recommend trial fittings of this most remarkable corset set so that their patrons may more fully appreciate its merit. A visit to Hatz's corset department will surely convince you!

HAVE YOU HAD your class picture framed yet? This is the only way to preserve the happy memories of your school days. BOTT'S BOOK STORE, 113 South Brand boulevard, has just received a new line of picture mouldings of the very latest design, and you're sure to find just the frame for your picture there, because there is such a large selection. Bott's prices on picture frames are very reasonable.

ALTHOUGH A GOOD COAT of tan bespeaks of a thoroughly enjoyed vacation in the great outdoors, most women prefer the clear and lovely complexion which Nature endowed them with. The well-known Magnesia Pack which Mrs. Billig at the BROADWAY BEAUTY PARLOR makes herself is an excellent bleach for the face and arms. It is absolutely harmless and will positively restore your complexion and give your skin the bloom of youth and health. The price is very reasonable—only \$1.50, at her little shop on the second floor, 214 East Broadway.

A new method of trimming that Alice Bernard used a great deal, gave a lovely embossed effect to the material, by the use of a cord on the back. The cord was held in place by cat stitching and the work pressed on a padded board when completed, so that the design stood forth, making an individual trimming in the material, itself, and eliminating the problem of matching colors.

CHIC TAILORED MODELS in velvet, duvetyn and feathers as charming as the new fall gowns, are being shown at the YARBROUGH HAT SHOP, 108 West Broadway. Mrs. Yarbrough has an advanced showing of soft and straight brim hats in a large variety of colors. There are charming arrays of hats and smart little turbans, each one distinctive in design and variety. She also has a complete line of flower trimmings and feather fancies for the woman who is both practical and artistic and designs her own hat.

WHY RUN THE RISK of losing your money? It is a common occurrence that burglars enter homes during only brief absences of the owners—but within just that few minutes time, perhaps your silverware, jewels, money, and everything which you value in the world, may be gone! And all too seldom a Safe Deposit Vault at the new FIRST SAVINGS BANK, 104 East Broadway, to store your silverware and valuable papers—you are absolutely protected—for their vaults are just brand new and strong and durable! And as for your money—if it is deposited in a term savings account at the First Savings Bank you are not only insuring its safety—but it will be earning 4% interest as well! This is really the only definite assurance you can have—and although you may say "It is only 4%" you will be surprised how fast that "4%" will grow and multiply—and the first thing you will know there will be a tidy little nest egg for that proverbial "rainy day" which must come to all of us. The officials of the First Savings Bank, too, will be more than glad to advise you in any way possible, if you are contemplating an investment for your money. And who is in a better position to offer advice than your banker? The First Savings Bank, you see, stand for Safety First!

A HOME OF YOUR OWN
HERE'S A LOVELY 5-room bungalow with hardwood floors, and attractive new ivory woodwork throughout; a beautiful big kitchen with adorable little breakfast nook—and it's situated on a large lot, 50x170 feet, conveniently located just one block from the Brand boulevard car line! At \$2500, the price which JAMES W. PEARSON, 128 North Brand boulevard has set on it, it is certainly a really, truly bargain—for it's just brand new!

THE length of skirts is the same, but dropped in side draperies.

Truths in Epigram

Error of opinion may be tolerated where reason is left free to combat it.—Thomas Jefferson (1743-1826).

Instruction ladled out in a hurry is not education.—Lord Charles Bowen (1835-94).

Orthodoxy is my doxy; heterodoxy is another man's doxy.—Bishop Warburton (1698-1779).

HOUSE AND FRANCE

Colonel House has been writing articles touching upon conditions in Russia. He is particularly familiar with the sufferings of Russians driven forth by the brutality of the soviets. They represent the finest brains and character of Russia. Naturally there was no place for them under the new tyranny. They were treated as outcasts. They were deprived of property and of the right to earn livings. Evidently Lenine desired them to be exterminated. His bestial cruelty was hardly less marked than that of Talaat Pasha towards the Armenians. And when an Armenian slew Talaat in the streets of Berlin, the world applauded, and the German courts did not dare convict the man who had shot the war-time creature of Germany.

While Colonel House is thus engaged in enlightening the world as to Russia, Senator France is even more actively busied in proclaiming the greatness of Lenine, and the wonderful success of bolshevism. That in large measure France is not telling the truth is apparent. His statements do not need to be weighed by those of House at all. Let them be judged by the fact that the rule of Lenine has reduced Russians to a status where they must be fed by charity or perish of hunger in a land that has every facility for being a land of plenty.

The purpose of Senator France is difficult to surmise. His intelligence should let him know that he cannot befool anybody. The facts all are against him. He writes exactly as though he were the paid agent of Lenine, but no one accuses him of being such agent. On the contrary there is a tendency to ascribe his conduct to a native stupidity. His exhibition does no great harm, but it hurts American pride that a United States senator could have been so bamboozled by the betrayer of a once great nation as to applaud a course among the most despicable history has known.

THE LISTENING POST

"When my ship comes in."
"And my oil well gushes."
And a lot of other things that may happen in my life.

To bring me the things I wish.

Which gives a text for today's Listening Post. Which is that every man is his own ship. His own oil well. His own good fortune. And he does not need to wait for something to happen. He may make it happen.

Not all in a minute of course. For things cannot be done in a minute. That is, things of importance. Even the small boy discovered the necessity for time in creation.

When he asked his father: "Can the Lord do anything?" And of course the reply was affirmative. And the boy came back with: "Can he make a two-year-old colt in a minute?"

And the answer we leave to you. For if it was made in a minute it would not be two years old, of course. And the matter is not important. But a good many arguments begin that way. And get nowhere.

But to get back to the ship and the oil well and you.

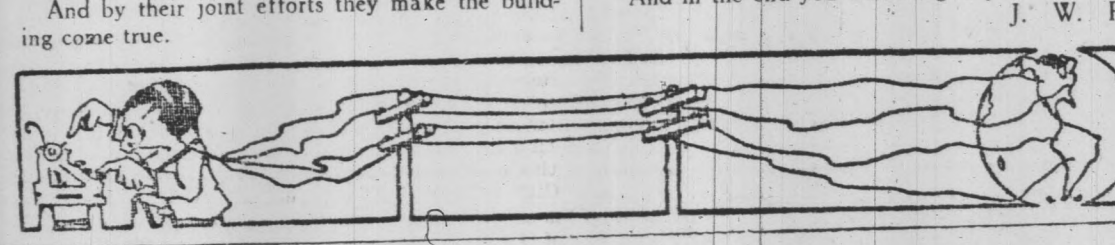

Many persons in life are content to wait for things to happen. In the hope that good fortune will solve the problem of life.

And that is just as sensible as it would be were the general in command of an army to go to sleep. And trust good fortune to bring victory. And life is a battle and you are the general in command of your forces.

So you need to make things happen. If you wish good fortune to be sure. The way to have dreams come true is to make them come true.

The architect plans a building at the request of the dreamer and builder.

And by their joint efforts they make the building come true.

REALTORS DISCUSS HOUSE SHORTAGE IN GLENDALE

Two more Glendale real estate agents have come forward and stated their stand in regard to the house shortage in Glendale, the rent profiteer and the landlord who will not rent to families with children.

R. D. George, 107 West Broadway, today said:

"There is a shortage of houses to rent in Glendale and the houses there are to rent are priced exceedingly high. There are practically no houses for rent in the city under \$50 and there are mighty few for rent at that price. The average price asked for a house is \$75 to \$100, depending on whether or not it is furnished.

"I have one house listed with me for rent, and it is the only one on my list where the landlord does not care how many children there were

in the family to whom he would rent the house."

H. J. Vandenhoff, North Brand real estate agent, said:

"There is a shortage of houses for rent and there is no relief in sight, for as fast as a house is vacant for rental there are five people after it. In regard to landlords barring children, I will say there are arguments on both sides and it is not in favor of both sides and it does not seem hard to think that families are having trouble in finding homes in this city simply because they have children, but it is also hard for a landlord to have to be continually repairing damages done to his property by the children of his tenants. The only solution that I can offer for a problem that is likely to be eternal is for the working people and people that are renting homes at present to forego some of the luxuries, such as a piano and an automobile, and invest their money in a home."

EVANSTON JUDGE IS STRONG FOR RESULTS

EVANSTON, Ill., Sept. 28.—If the women of Evanston, home of the W. C. T. U. will only "leave him alone" Police Magistrate John F. Boyer will

make the town "dry as punk."

"It's these smart-aleck women coming around begging me to let the men off after we've arrested them for drunkenness that causes them to ignore the law," said His Honor. Meanwhile, roars, groans, profanity and rattling of chains testified that the "town calaboose" held a number of "drunks."

"I'm going to have an ordinance passed permitting me to sentence all drunks to one month at labor on the city streets," said the Judge. "I'll dress them up in white suits and send them out to clean the streets under armed guards. I guess that'll stop the drunkenness in Evanston. I'll dry up this town in a month."

EASTERN POINT OF VIEW

NOTABLE BUSINESS FEAT

[New York Herald]

A sensational discovery has been made by the Evening Post. It is that the pledge of the Chicago platform and the Harding ticket to make drastic cuts in the numbers of useless federal job holders was nothing but campaign buncombe. Not counting the heavy reductions in the army and navy ranks, all the Post can concede to the Harding administration is a pitiful 30,000 salaries saved. And this, declares the Post, is the whole story.

But it is not. In the first place it is only the beginning. In the second place, from March 4, 1921, to September 4, 1921, the period under discussion by the Post, is half a year out of an administration which is to run four years. A total of 30,000 employees let go in half a year at the rate of 5000 a month. Any level-headed, successful general manager will agree with the New York Herald that for an operating business to be able to drop men off its payrolls at the rate of 5000 a month without putting up the shutters of slowing down or demoralizing a working organization is pretty swift traveling toward administration readjustment and efficiency.

Not to recognize this very notable business feat would seem to indicate a structural soft spot in that sort of head.

HOMICIDAL MOTORING

[New York World]

Popular conceptions of the deadlines of the automobile derived from local death lists hardly do justice to its destructiveness to human life. The estimate is made by the Insurance Press that life insurance companies of the country paid \$4,500,000 in death claims from automobile fatalities during 1920, and statistics are quoted indicating that for the year motoring killed 12,000 persons in the United States, injured 1,500,000 and caused disabilities and property damages amounting to more than \$1,000,000,000.

CHEAP AT THE PRICE

[Washington Post]

"Woman Seeks \$2,000,000 for Keeping a Secret." The effort involved may be worth the price.

COMMENT ON DAY'S NEWS

By HENRY JAMES

Through the National Woman's party comes the demand for full rights. This means that in law there is to be no distinction whatever due to sex. From the time that women were granted the franchise there has been a tendency for them to form a compact devoted to their own interests. Men, realizing that the right to vote had been wrongfully withheld, withdrew the inhibition. Most of them made the change gladly. California took woman into citizenship years before the constitutional amendment made such citizenship general. There never has been reason to regret the course. There will be regret over the present demand; it comes as an embarrassment. The impulse of courtesy is to grant women whatever they ask. But if they ask that which is not good for the human family, the situation grows complex.

HENRY JAMES

There are differences due to sex that nobody could desire abolished. American men would shudder to see women digging ditches, driving garbage wagons or locomotives. They cannot conceive yet of a perfect equality, and that they cannot, is mostly to the advantage of the women. It is the basis of deference. Women are not fitted to play football or even the gentler baseball. Many professional baseball players have families. A woman with two or three children would be out of place in the line-up. So there are differences that have to be regarded, and to ignore them would mean utter reconstruction of society. So far as any injustice may be done by present laws, touching property and employment, these of course should be corrected. Nobody could object to their correction. Yet the policy of promoting sex war, the establishment of a hostile camp the first indication of it, is likely to restore the old habit of "viewing with alarm."

Exposure of Ku Klux methods is in progress. It ought to end the career of an organization that seems to lack all legitimate excuse for being. A body of men weirdly disguised, going about to "enforce the law" are enforcing merely the law they choose to make. The courts and morals of this country do not need the backing of an oath-bound mob.

Belfast is having riots again, apparently from choice. The Sinn Fein faction has been treated with singular moderation. Its members made impossible demands for what they called their rights, and which did not represent rights at all. No faction has the right to secede in order to form a hostile nation, and carry with it a large part of the population protesting that no change is wanted.

Chicago authorities are having a desperate time in enforcing prohibition, or rather in the effort, thus far futile, to enforce prohibition. According to the chief of police there, half of his men are engaged in some form of bootlegging. Intoxicants still are accessible to as many persons as have the price. This is true of any large city as of Chicago. It is true of San Francisco and of Los Angeles. Friends of prohibition might as well concede that the fight has not been won. They have been furnished with the weapons wherewith to fight, and so far, that is all.

A man in Los Angeles is in jail on the charge of having beaten his aged mother to death. He is said to be a drug addict. While by a peculiar twist in the processes of court, such addiction is sometimes used as the basis of a plea for clemency, it ought to make conviction swift and sure. The drug addict becomes a drug addict with the utmost deliberation. The statement that the doctor at the hospital is responsible in crime are drug addicts. They steal to get their dope, and use the stuff to get courage to murder.

SERVANTS IN INDIA

By Dr. Frank Crane.

Don't talk to me about servants, said the English army officer's wife, as she finished bringing in the food and sat down at the table, with her husband and my wife and me.

Don't talk to me about servants, she went on, for she was one of those easy, rambling, running talkers that chatter away incessantly as a cheerful brook, answer their own questions and are as inexhaustible, and withal as interesting as an electric-motored victrola. (She was good to look at, too, by the way, a neat, trim, homey, smiling and altogether delightful little body.)

Don't talk to me about servants. We've been in India, and I've had servants, and been waited on, until I was near crazy.

I am enjoying the luxury of doing things for myself in this flat. I haven't enjoyed anything for three years so much as getting this dinner. I got it all. I bought the things at the market. I carried them home. I shelled the peas. I grilled the steak. I toasted the bread. I set the table. I made the coffee.

In India—servants?—they were thick as flies. I couldn't move without stepping on one.

We were at a little up-country station. There were no sorts of conveniences. But there were servants—oh, servants!—why, I had to fight almost to get to brush my own teeth.

As soon as we got to our place they began to appear. And they were all experts, all trained. Every one of them knew his job, and they could give a labor union in the United States cards and spades when it came to refusing to do what was not their particular task.

One would wash dishes, but somebody else had to wipe them. One would make the bed, but it was another one's job to sweep the floor.

Oh, they had it all parcelled out. Each had his specialty. It took two husky men to wait on the table. There was a boy to run errands. When he wasn't running errands he wouldn't stoop to pick up a scrap of paper; he slept. And the man that rubbed grease into the sahib's boots would not for anything put oil in the lamps.

There were no laundries nor drains for water, of course, and to make up for these we had to hire a dhobi and bhishi.

Sweeping is considered low caste person to do it.

Then there are ayahs to look after the children, and boys to pull the fans and gardeners to cut the grass and so on and so on.

Their wages were low, but they all cheated enough to make up for it. A native would rather swindle you out of a cent than earn a dollar.

So—help yourselves, and don't expect me to wait on you.

RICH GOLD STRIKE IN VENTURA COUNTY HAILED GREATEST

Large Number of Assay Reports Give Basis for New Gold Activity

LOS ANGELES, Sept. 28.—"The Santa Monica mountains gold strike is, if anything, greater than reported." This was the assertion of newspaper men and mining engineers to-day, following their return from a visit to the Covington-Everett district in the mountains of Ventura county, where "millions of tons" of gold-bearing shale have been exposed.

"If the average of Dr. Covington's 75 assay reports can be depended on, this strike is one of the richest in the history of the world," said G. W. Russell, engineer and personal representative of a millionaire mining operator, who accompanied the party.

"On the basis of these assays, the discovery is more valuable than the Comstock, Treadwell, Homestead and others of the world's greatest mines combined."

MRS. SOUTHARD IS SHOWING FATIGUE

Case Held Up to Give Sheriff Time to Select New Jury Venire Today

TWIN FALLS, Idaho, Sept. 28.—Mrs. Lydia Southard, on trial for the murder of her fourth husband, Edward F. Meyer, and charged with having poisoned three other husbands, and the brother of one of them, is resting this morning in jail, while Sheriff Sherman is scouring the county in search of veniremen in the case.

Late yesterday afternoon the regular venire of 75 had been exhausted, and Judge Wm. A. Babcock ordered a special venire returnable at 2 p. m. today. In efforts to secure a jury, the state has exhausted four of its ten peremptory challenges and the defense three. Eleven men are now in the panel.

"We fell we are progressing well in the selection of a jury," said Prosecutor Frank L. Stephens today. "I had anticipated that many of the veniremen would disqualify themselves. The number has not exceeded my expectations."

"We are getting along as rapidly as I had expected," said Wm. P. Guthrie, chief counsel for Mrs. Southard. "It is natural that there should be definite opinions where the principals are so well-known personally."

Mrs. Southard at the close of the session of court yesterday showed marked signs of fatigue. She was more nervous than she has been since the opening of the case. She sank limply in her chair behind her counsel and her hands clutched intermittently during the questioning of veniremen.

Nevertheless, her conversation during the intermissions and at the close of the day's work was bright and her air of confidence was unabated.

Neither of the parents of the accused woman have been in attendance during the progress of the case, and neither is on hand this morning. Paul Vincent Southard, fifth husband, has been steadfast in his attendance and today was an early visitor to the jail, where he chatted at length with his wife.

LAWSON'S TO BUILD STORES AND FLATS

Withdraw From Market Property They Can Sell for Three Times Price Paid

Mr. and Mrs. John W. Lawson, former residents of Glendale and large property owners here, have just started a building on two lots they own on North Brand above the MacMullin studio, and adjoining the lot owned by Neale & Gregg. Their improvement will provide for stores below and 16 apartments above.

The Lawsons are great boosters for Glendale. They declare that for every dollar they have ever invested here, two or three have come back to them, and sometimes an even bigger profit. For one piece of property which they have withdrawn from the market they have been offered three times the purchase price, and know it is going to be worth considerably more.

DYNAMOS CLUB HOLDS ELECTION

At a meeting last night the Dynamos club of the Glendale Presbyterian church had its semi-annual election and placed in office the following men to serve this great young men's organization and carry on the work inherited from their predecessors:

President, Carl P. Hammond; vice-president, Paul Edmonds; secretary and treasurer, Edward Smith, and the following chairmen: Social, Wilbur Johns; music, Joe Rhodes; athletics, Max Price; devotional, George Stanley; ovens, Roy Mason; social service, David Johnston; secretary of roll and Sunday publication, Joe Maier; organist, D. Wheeler.

The president laid before his cabinet his policies for the coming term, and plans were formulated for each department calculated to make this club the strongest unit for Christ in Southern California.

The club is cordially inviting all young men in the community to join. Mr. Foster of the Bible institute is its new superintendent.

WELCOME MEMBERS TO GIRLS' LEAGUE

The welcome to new girls, which is an annual function of the Girls' league of Glendale high school, will take place Thursday morning at 10 o'clock in the auditorium, and will take the form of a literary and musical program.

Brief addresses will be made by Mrs. George U. Moyse, assistant principal, and Miss Doris Packer, president of the league. Miss Mona C. Gardner, head of the department of dramatic art, and Miss Evelyn Hunt, will read, Miss Lois Welch will give a harp solo, and Miss Hazel Linkogel violin numbers.

After this little affair, the league will be ready to meet for the transaction of business that may come up and the new members will be ready to participate. Every girl in the school, by reason of being a student, is a member.

Plans will soon be sinning for the league's annual stunt party.

Officers of the organization besides Miss Packer are: Mildred Stanford, vice-president; Evelyn Gregg, secretary, and Margaret Morgan, treasurer.

TWO CANDIDATES AT GILLETTE TENT

Members of the Mary Jane Gillette tent had a good meeting last night at Odd Fellows' hall, when two candidates were elected to membership. They will be initiated at the meeting on October 11.

The organization voted to move from its present quarters to the club rooms of the American Legion on East Broadway, and at the meeting mentioned, in October, Mrs. Maybelle Plymire of San Francisco, who is the department president, will be a guest.

BIRTHDAY DINNER FOR ALBERT BOLSON

At the home of Mrs. Susie Weisling, 621 East Colorado street, a little family dinner party was given on Sunday celebrating the fourth birthday of the hostess' grandson, Albert Henry Bolson, who has come from St. Louis with his mother, Mrs. J. I. Bolson, to spend the winter in Glendale.

His little cousin, Flora Jane Green, was one of the guests, and a feature of the dinner was a handsome birthday cake bearing four candles. The guest of honor was the recipient of many pretty birthday remembrances from relatives in St. Louis and Glendale.

Over 270 Enrolled Up to Noon Today, With More Coming

Do citizens of Glendale appreciate the night school privileges offered by Glendale high? The enrollment shows they do. Last night at the opening of the session it was 270. This noon it was 277 and still climbing.

This is divided as follows:

Business English, taught by Paul Webb, 33; arithmetic, also taught by Mr. Webb, 20; shorthand, taught by Miss Harriet Switzer, 24, and typewriting, also taught by Miss Switzer, 40. As only 34 can be accommodated, there is a waiting list of 6. Bookkeeping, 15; penmanship, 12; both taught by Preston Fuller; mechanical drawing, 20, taught by A. R. Oliver and George Lockwood; auto shop, 20, taught by George Rolfe; machine shop, 20, with room for but 15, taught by Morgan Smith; young men's class in physical education, taught by N. C. Hayhurst, 35; millinery, 58. As the few who applied for sewing wanted millinery too, the sewing course has been dropped and two classes in millinery of 20 pupils each have been formed, one to meet Tuesday, the other Thursday, from 7 to 9. There is therefore a waiting list for that subject, also.

The enrollment for the auto shop was so heavy that officials thought it would be necessary to establish a waiting list there, but the class by agreement divided itself into two divisions, each to take but one night a week, and that plan will be continued as long as the present registration is maintained.

In drawing, the school is not only offering elementary mechanical drawing, but also advanced work, machine designing and machine drawing, also architectural drawing.

BUILDING COSTS IN GLENDALE DROP

Property Values Will Never Be Lower Than at Present Time Is Belief

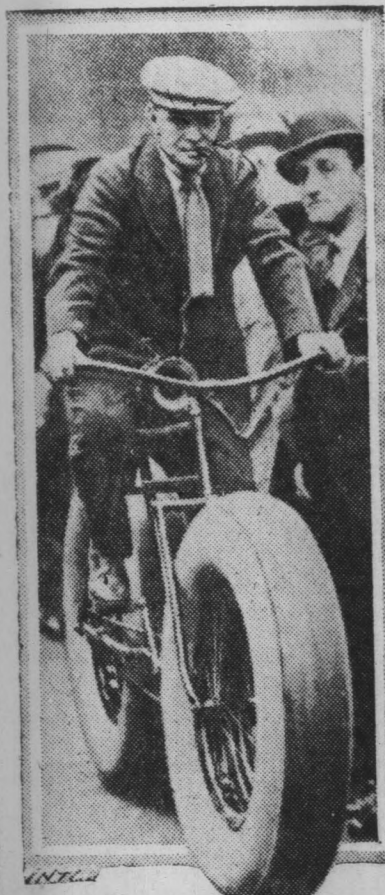

Keep step with the times, buy a lot and build a home in Glendale. That is the slogan of the local real estate agents, and they further strengthen their statement by pointing out to the prospective investor that real estate here will never be purchased at a lower price than now and instead of decreasing, property in Glendale is rapidly advancing.

As real estate advances the cost of building material is decreasing, and at present a four or five room house can be built for from 25 to 50 per cent less than a year ago. Practically all lumber prices in Glendale have dropped at least 25 per cent in the past year and plumbing material has taken a similar drop. Builders' hardware has fallen 25 to 33 1-3 per cent in the same period. In most instances builders' hardware can be purchased for one-third less than last year.

Labor has also adopted a lower scale of wages in most trades, in line with the decrease in prices. These decreases are general in Glendale and were gained from a canvass of the leading dealers in plumbing supplies, builders' hardware and lumber.

Seven Japanese women who have been chosen elders of a Presbyterian church in Tokio are said to be the first women to receive this honor from any Presbyterian church in the world.

Latest in Bicycle Tires

Something new in bicycle tires, seen in the West End, London. This bicycle rider prefer enormous sized tires to the old-fashioned smaller ones. Although bulky looking and apparently heavier than the ordinary tire, they do not weigh more, are 10 per cent speedier and, being filled with air and made of the best grade rubber, are as light and comfortable as the tires of a limousine.

GLENDALE WINS IN FIRST GAME

Green Football Players Are Given Their First Tryout Here Tuesday

Glendale and Burbank high schools played their first practice football game yesterday, and Glendale won by a 18 to 0 score. The game was played on the Glendale high school campus. Both teams showed flashes of talent and equally as remarkable flashes of bad playing. The bad playing, however, was due in most cases to the fact that the teams have only been practicing a week. It gave the coaches ample opportunity to learn the weak spots in their organizations.

Burbank seemed weak in the handling of side kicks and fumbled the ball often. They are also weak in the line.

Glendale, on the other hand, showed up well and what errors were made by them were ones that a few weeks' practice will correct. One player on the Glendale team, who is playing the first time, made himself famous by tackling another member of the Glendale team who was starting down the field for a good gain. This error was made because the player became excited in his first game, and a few more practice games will give him the same calm that is possessed by the veterans.

Taken as a whole, both teams looked fine and played a good brand of football, and they should prove dangerous contenders for the league title.

CITY COUNCIL TO BE ASKED FOR CERTAIN IMPROVEMENTS

Highways To Be Given Much Attention in Long Petition Now Ready

Members of the Glendale Avenue Improvement association will meet Friday night and prepare a petition to be presented later to the city council, submitting certain facts and conditions of general interest and asking the cooperation of the council in carrying forward plans that seem essential for the best interests of the city.

A general statement of the request recommends an adequate system of public highways be developed. It recommends that the council assist the organization in the further development of San Fernando road because it is practically a transcontinental highway, connecting Glendale with the highway systems of the nation.

Brund boulevard, says the petition, should be developed because of its local importance as the center of local traffic. Broadway was recommended for development on the grounds that it is rapidly developing as a cross-town business street and it is desirable that proper connections both east and west with the entire street system of the city be developed and maintained.

Other streets mentioned in the list of highways as needing development were Colorado boulevard, Los Feliz road, Verdugo road and Glendale avenue.

BANK ROBBERS USE THREE BIG CHARGES

HUTCHINSON, Kan., Sept. 28.—Three heavy explosions of nitro aroused the whole town of Arlington, near here, early today as five robbers tried to blow open the vault of the famous State Bank. The first charges opened the outer door. The inner door withstood the shock of the third charge. The robbers were forced to flee with several thousands of dollars worth of bonds and silver from safety deposit boxes.

In a gun battle outside the bank one of the robbers was dropped but his companions carried him into a waiting automobile and escaped.

HOLLYWOOD HOME IS FURNISHED BY PAGE

The Page Furniture Co. announces that it recently completely furnished an eight-room house for W. T. Virgil of Kenmore avenue, Hollywood. This is one of the best advertisements that the local firm could have, as Hollywood is situated right in the heart of a district that is filled with furniture dealers.

The company announces that they have increased their linoleum stock by the addition of Alabon, the oldest linoleum on the market. An expert linoleum layer has been added to the personnel of the company, and he is using a new process in the laying of this covering. The floor is covered with a coat of cement preparation and the linoleum is then laid in place. Over the face of the linoleum a coating of wax is spread, giving a perfect protection from stains and grease, as any substance can be removed from the wax-treated linoleum by using a damp rag.

KERN LABORITES TO MAHONEY DEFENSE GIVE AID TO OIL MEN ON STRIKE SAYS PROVE BODY NOT HIS WIFE

BAKERSFIELD, Calif., Sept. 28.—Support both financially and morally will be given the striking union oil workers in Kern county by the Kern county labor council, it was announced today, as a result of action taken at a meeting called for that purpose.

The membership of the unions affiliated with the labor council numbers approximately 3,600, of which 1,100 are oil workers. The council will ask each of the remaining 2,500 union men to pay a monthly assessment as a benefit to the strikers. The council's request must be ratified by the various unions before effective. The strike has developed into what is practically a dead-lock. The operators are making plans to work their properties if they can do so without interference, or are said to be ready for an indefinite shutdown. The oil workers on the other hand are playing a waiting game.

In the meantime, the roads leading to the oil fields are being patrolled, but cars are not being stopped.

SAUNDERS ATTENDS COMPTON BANQUET

E. F. Saunders, assistant secretary of the Chamber of Commerce, attended the opening of the Compton Chamber of Commerce last night and with Captain John Fredericks of the Los Angeles Chamber delivered one of the principal addresses of the evening. The reorganized chamber at Compton was opened with a banquet participated in by 250 enthusiastic boosters. After the dinner there was a mass meeting held with many citizens of Compton taking part. Plans were made to launch a monster drive for membership. This drive will be similar to the one now being conducted by the Glendale Chamber.

Some husbands never think of telling their wives anything until after they have found it out for themselves.

SEATTLE, Wash., Sept. 28.—L. B. Schwellenbach, assistant defense counsel for James F. Mahoney, on trial here for the murder of his aged bride, presented the opening statement of what the defense will attempt to prove this morning after the state had rested its case.

Schwellenbach said: "There are two important facts in this case, one is the identity of the woman whose body is in the morgue. We expect to prove it is not the body of Mrs. Mahoney. The other is the disappearance of Kate Mahoney. We expect to prove she was alive after April 16, the date when the state contends she was murdered."

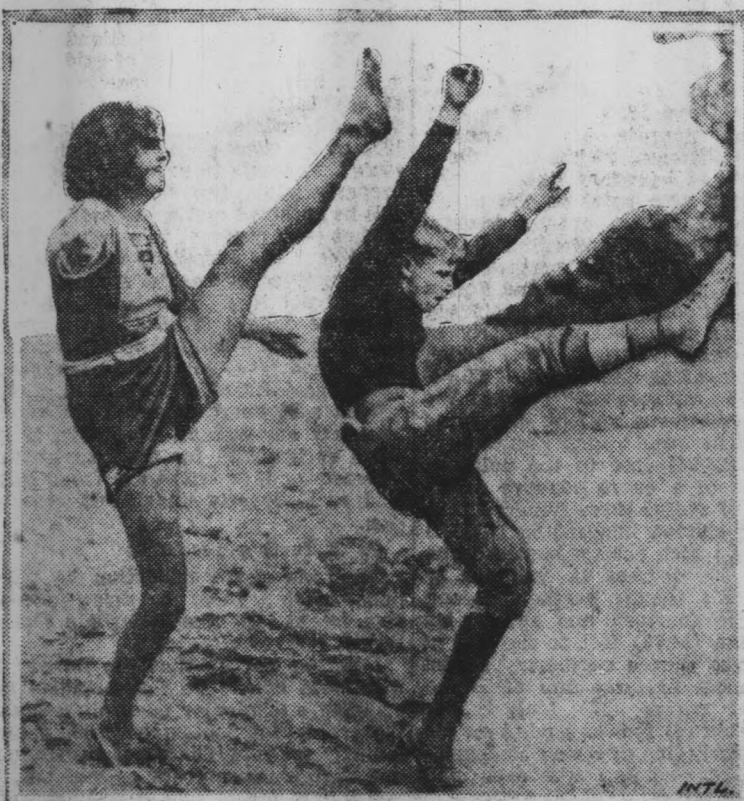

LONG BEACH SEEKS WAY TO QUELL ROOSTERS

LONG BEACH, Sept. 28.—Wanted, a remedy to curtail the crowing propensities of Long Beach's roosters. The problem of curbing the early morning activity of the birds came before the city council today in a petition by a woman that an ordinance be drawn to check the crowing, as it kept her awake. Councilman Alexander Beck proposed an ordinance proposing roosters to be placed so close to the roof that a rooster could not stand up. If he can't stand up he can't crow, says Beck.

McGRAW'S GIANTS IN 48 HOUR REST CURE

NEW YORK, Sept. 28.—John McGraw's Giants were enjoying today, the first of a 48 hours vacation in the hometown. The league leaders will resume their pennant dash Friday against the Boston Braves in a testimonial game for Christy Mathewson. The rest was welcomed by the team after the strain of the long western trip as several of the men are on the injured list. Frank Frisch has a "Charley Horse," Dave Bancroft and Elmer Smith have split fingers and Young has a bad knee.

Miss Elsie Westcott thinks she might be a star on the gridiron, too. Witness this picture, which shows her, at the Oak Street Beach, kicking a foot above her head. A. R. UNCLE SAM'S FACE MISSED IN LEAGUE

GENEVA, Sept. 28.—"The United States' abstention from the league of nations project to rehabilitate Austria continues to be the most serious obstacle to a settlement which is the most essential element of Europe's reconstruction," Arthur James Balfour, British delegate, told the assembly of the league of nations, in an address this afternoon.

"France, Italy, England—all have done their best to restore Austria to normal conditions," Balfour declared. "They have agreed to postpone default of the payments and obligations due them from Austria. Unfortunately, there is one exception—rendering our task more difficult. 'The United States' constitution prevents her from intervening rapidly, but we hope it is the only delay.'"

LEWIS WINS LABOR FIGHT ONCE MORE

INDIANAPOLIS, Ind., Sept. 28.—John L. Lewis today won his second victory over the "insurgent" element in the ranks of the United Mine Workers when a roll call vote of the Union's national convention on the question of requiring striking Kansas miners to return to work, gave the international president a convenient majority.

Lewis won a clear cut victory over Alex Howat, so-called radical leader of the Kansas miners, whose strike activities were characterized by the union president as "defiant" of the international organization.

CONSTANTINE HAS RETURNED TO HOME

LONDON, Sept. 28.—King Constantine of Greece has returned to Athens from the Anatolian war theater, according to a dispatch from Athens today. The Turkish Nationalists are still advancing westward through Anatolia.

Details of the Greek defeat, which were held up by the Greek military censorship in Asia Minor, are now seeping through by way of Constantinople. The Greeks are reported to have lost more than 10,000 men in killed, wounded and captured in the battle that began with the Turkish counter offensive just outside of Angora.

SIMMONS URGES ATLANTA, Ga., Sept. 28.—Telegrams urging an immediate investigation by Federal authorities into the affairs of the Ku Klux Klan were dispatched to President Harding and Attorney General Daugherty today by William Simmons, imperial wizard of the organization.

GAMBLING KING PASSES AWAY DENVER, Colo., Sept. 28.—Ed Chase, 55, gambling king of the West in the frontier days, is dead. Chase, who was famed as the "gentleman gambler, who never gambled," died here Tuesday. He ran a string of gambling houses in the early days of the West as well as numerous saloons and theaters and was known from coast to coast.

Local Wrestlers—In connection with the wrestling exhibition to be given in the gymnasium of the high school tomorrow night by George Hackenschmidt and his partner, for members of the Glendale companies of the California National Guard, it is announced that Sherwood Bull and Harry McCluskey will give a wrestling exhibition. GERMANS SAY THAT FRENCH MISUSE THEIR FUNDS

BERLIN, Sept. 28.—Sensational disclosures of the method in which the French had used money supplied by Germany for the upkeep of the French army of occupation at a time when Germany could barely meet her indemnity obligations, unleashed a storm of dissension in the Reichstag today.

One item in the official treasury report was that Germany, upon orders from French generals, had supplied 731,000 marks for the erection of houses in the French zone of military occupation for immoral purposes.

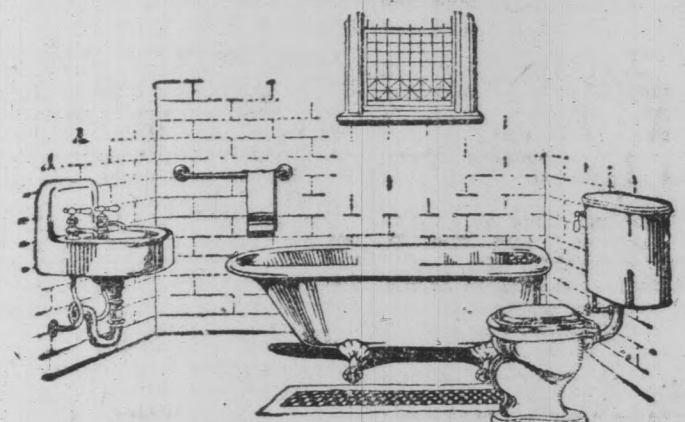

It was alleged that the French had confiscated moving picture theaters costing 10,000,000 marks. The cost of allied military occupation was estimated to be half the cost of governing the remainder of Germany.

WOMEN TAKE PART IN SPORADIC DISORDERS

BELFAST, Sept. 28.—Women have taken a conspicuous part in sporadic disorders of the past 24 hours. Two protestants were attacked and beaten by two separate crowds of women. Other women were forced to leave their places of employment by disorderly females. A number of Roman Catholic families were ordered from their homes. The police guarded them when they moved.

MAID TAKES FLIER IN SAN DIEGO HIGH LIFE

SAN DIEGO, Calif., Sept. 28.—The disappearance of \$2,000 worth of clothing and jewelry from the residence of Mrs. Carolyn B. Choate of Coronado today led to the arrest of pretty La Verne Hawley, 18, who secured a position as maid in the Choate household two days ago, then suddenly left.

The girl was wearing one of Mrs. Choate's dresses and smoking one of Choate's monogrammed cigarettes when arrested in a local hotel room where the missing articles were found, according to the police.

IF KIDNEYS ACT BAD TAKE SALTS

Says Backache Is Sign You Have Been Eating Too Much Meat

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy.

When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells, your stomach gours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

WOMAN APPOINTED MEMBER OF U. S. CONFERENCE ON EMPLOYMENT

Of course if our admirals and generals insist on making speeches defining domestic and foreign policies it might be well to institute courses in oratory in Annapolis and West Point.

There is one automobile to every fourteen persons in the United States and the thirteen other persons are always in the way of the one automobile at street intersections.

Misery loves company, but it is better to have rheumatism in one foot than both.

Another proof that the war was stopped too soon may be found in the report that the government cannot supply the demand for German cannon for the village parks.

CALL
 The conjur was producing eggs from a top hat. He addressed a boy in the front row.

"Your mother can't get eggs without hens, now can she?" he asked.

"Oh, yes," said the boy.

"How's that?" asked the conjur.

"She keeps ducks," answered the boy.

MRS. MORGAN URGES CHAMBER BOARD TO ACT ON SCHOOL

Cerritos Avenue School Is
Branded as Dangerous
Fire Trap

Mrs. Ernest Morgan, 1125 South Central avenue, addressed the board of directors of the chamber of commerce at their regular meeting yesterday, and asked in behalf of the South Glendale Women's club the help and cooperation of the chamber in securing a new school house at Cerritos avenue.

Mrs. Morgan stated that at present there are over 400 children attending classes at this school and that the building is a firetrap. The building, Mrs. Morgan alleges, is an old frame structure that has withstood the elements for so long that the timbers are now as dry as tinder. In addition to the dry timbers, the school is heated by an old style distillate furnace that, to her certain knowledge, has set fire to the building on one occasion. According to Mrs. Morgan the only means of exit in case of fire is by way of a very narrow, steep fire escape that is dangerous for even a grown person to descend, much less for a small child.

Mrs. Morgan also said that at present classes were being held in the basement of the Cerritos avenue school just a few feet from the lavatories used by the 400 pupils.

Charles B. Guthrie also addressed the directors and said that action should be taken at once to relieve conditions at the Cerritos school as the welfare of 400 children was too important a matter to be delayed one moment longer than was necessary to make an investigation of conditions.

It was decided that the civic committee of the chamber of commerce be called and instructed to attend a mass meeting to be held tonight in the South Glendale library, to learn the needs of the Cerritos school, and to conduct an intensive investigation of conditions at that and all other schools of the city.

Town Topics

Improve Property—Architect Chas. Rittenhouse is improving property he owns on Walnut street, which, under action taken by the city council, will some day be called Orange street.

Safe Arrival—Mrs. A. L. Baird reports the receipt of a letter from Mrs. Hugh Ellison of Berkeley, reporting the safe arrival of her invalid daughter Evelyn, and sister, Mildred Ellison. Miss Evelyn was brought to the Research hospital in this city suffering from pernicious anaemia, and was restored by blood transfusion. She stood the journey very well and has a prospect that she may have to report to the Research hospital occasionally for treatment.

Organize Club—Mr. and Mrs. J. G. Huntley, Dr. and Mrs. T. C. Young, Mr. and Mrs. A. L. Baird, and a few others who are interested in the organization of the Sepe Hunting and Fishing club, went to Los Angeles last night, the men to perfect the organization of the club and their wives to take in "The Three Musketeers," at the Mission theater, the entire party having dinner together.

Health Officer—Dr. J. E. Eckles, city health officer, reports no serious effects from the hot weather on the health of citizens. The chief disorders reported are la grippe, colds and intestinal disorders caused by injudicious diet. Aside from a few cases of whooping cough, there are no epidemics.

No Meeting—Girl Scouts did not have their customary meeting at Intermediate yesterday because of the session of the City Teachers' club, which their leader, Miss Gladys Sharpe, wished to attend.

Moves Offices—The Hart Realty Co., which has been located at 120 North Brand boulevard, will move in a few days to 113 East Broadway, which place is being remodeled especially for the firm. Mr. Kausen, who has been connected with the Hart Realty Co. for some time, will be associated with the firm in its new quarters.

Buy New Home—George W. Kaiser has purchased the home on Salem street formerly owned by a Mr. Barnes. Mr. Kaiser and family have already taken possession of their new acquisition.

HACKENSCHMIDT WILL WRESTLE PARTNER

Tomorrow night, George Hackenschmidt and his wrestling partner will give an exhibition of mat work in the gymnasium of the high school for members of the Glendale companies of the National Guard and anyone else who might attend.

This should be an interesting sport event. Hackenschmidt held the national title longer than any other present-day wrestler. Frank Gotch is the only wrestler who has ever succeeded in getting a decision from him in a no-time-limit straight fall match.

WARM WEATHER WILL MAKE DEER MOVE OUT

According to Gus Wagenheim, authority on all questions regarding hunting and fishing, the past three days of exceeding hot weather will be an aid to deer hunters.

The hot weather, says Mr. Wagenheim, is driving the deer from their haunts in the hills down the waterholes and it should be easy for the average hunter to secure a buck during the next few days. This is also true of rabbits and doves.

Horses and mules will always be bred while there are mudholes out of which automobiles can't pull themselves.

Foley's Friendly Fancies

RYHME OF THE ASH MAN'S BOY

The Ash Man drove up with his cart,
A smudge on his cheek had he,
The ash dust made his red eyes smart
And his hat was a sight to see;
But the dust he minded not at all,
Nor he cared how big a pile
Of ashes lay for him to haul
And he whistled all the while.

The Ash Man drove up with his cart
And his boy, on the seat beside,
Pride was the boy of the Ash Man's heart
As a father alone knows pride.
For an Ash Man's job is a dusty mess
With nothing that's fair or fine,
But an Ash Man's heart is—well, I guess
It's about the same as mine.

The Ash Man backed his cart about
At the side of the village road,
He carried the can of ashes out
And dumped them on his load;
Then he cried "giddap" as an Ash Man can
Till his horse made a sudden start,
And away they creaked and rolled, the man
And the boy and the old ash cart.

The Ash Man dreamed as he drove away
With a big red arm and strong
About the boy on the seat that day
As the ash cart creaked along:
"Oh, an Ash Man's job is the job for me,
With its shovel and load and haul,
But an Ash Man's boy has a chance to be
The biggest man of 'em all."

So what cared he for a dusty coat
Or a hat that was on awry,
For the lump that rose in his tickling throat
Or the mist in a reddened eye:
"An Ash Man's job isn't much, that's true,
When all is said and done,
But the world is big and there's lots to do
And a chance for the Ash Man's son."

So he dreamed of the boy who sat by his side,
Dusty and tired was he,
But his big heart warm with a stirring pride
As he dreamed what the boy might be.
For an Ash Man's job is a dusty mess
With nothing that's fair or fine,
But an Ash Man's heart is, well, I guess
It's about the same as mine.

GARDNER'S WIFE IS ASKING HIS RETURN

Bandit's Wife Makes Sympathetic Appeal Urging That He Give Himself Up

SAN FRANCISCO, Sept. 28.—Dolly Gardner, wife of Roy Gardner, elusive bandit, today appealed to Gardner to return to McNeil's Island.

"In your letter to President Harding you said you had ended your criminal career," Mrs. Gardner wrote her husband in a letter published and copyrighted by the San Francisco Bulletin.

"To show you really mean this, go back to McNeil's Island. You can be a good man and lead an honorable life. Show President Harding and everyone you are the man I have always said you were. Most anyone can be taken back, but it takes a Roy Gardner and a real thoroughbred to go back of his own accord and take his chances with the rest."

The law renders our friends powerless to help you under present circumstances. Roy, do this one thing for my sake and little Jean's. I want to do the best thing for you. That is why I ask this of you. Think this over, but do not let others think for you."

The letter was published by the Bulletin in conformity with Gardner's request that if anyone cared to communicate with him to have their communications published in that paper.

BUSINESS HAS HIT BOTTOM SAYS BANKER

SAN FRANCISCO, Sept. 28.—American business has struck bottom and is slowly rising toward prosperity, according to financiers here en route to the American Bankers' convention in Los Angeles.

Arthur H. Titus, president of the First Federal Foreign Banking association, New York city, said:

"The foreign banking business has been in a rather delicate condition, but I believe the worst is past. Conditions in nearly all countries are better than a few months ago."

Thomas B. McAdams, vice-president of the Merchants' National bank of Richmond, Va., declared:

"Insofar as the South is concerned, the recent rise of cotton and tobacco has strengthened the morale and put everyone into a spirit of purchasing."

William H. Monk, of the Royal Bank of Canada, New York, said:

"We are in far better shape than a few months ago and should see normal times by next spring."

EMPLOYMENT BUREAUS NO USE TO PUBLIC

WASHINGTON, Sept. 28.—Any call for a rail strike will cause immediate action by the national unemployment conference meeting here.

The plan of the administration is to call the strikers before the committee on emergency measures to increase employment in transportation if a walkout is ordered. Efforts will be made to bring pressure on the roads and the brotherhoods to avert a strike.

The majority of private employment agencies "are performing no public service whatever," and should be wiped out or placed under "strict government supervision," Dr. Russell P. Phelps told the conference today.

FORD STARTS FIGHT TO CLEAN POLITICS

Manufacturer Tells Senate to Clean Its Own Skirts in Telegram Monday

IRON MOUNTAIN, Mich., Sept. 28.—Henry Ford today announced he was ready to start a drive to clean up politics.

Ford, who is here inspecting some of his properties, issued a statement saying he would carry on a country-wide campaign, if necessary, to clean politics.

The manufacturer said he issued his statement to emphasize the telegram he sent to the senate Monday demanding that the upper house "clean its own skirts" in handling the Newberry case.

If an aggregate sum equal to the losses from floods in this country were expended in constructing scientific flood control systems, it would not be many years until flood losses would be cut down to negligible figures.

The Officers, Directors and Stockholders of the Glendale State Bank

Commercial and Savings

Feel That Glendale People Have Emphatically Expressed
Their Approval of the Need of a New Home Bank by the

Large Number of Deposits and Accounts

which were opened with this institution Monday,
the first day of business

We take this occasion to express our gratefulness to our customers, friends and the public for the consideration shown us—and we, on our part, promise to conduct this Representative Glendale Bank with rigid adherence to the well-known, time-tried principles that underlie all successful business, coupled with a liberal and just interpretation of the progressive spirit of Glendale—so that we may always play a useful part in the upbuilding and advancement of this wonderful city and state, of which we are all so justly proud.

We offer a most Complete Banking Service—being both a Commercial Bank and a Savings Bank, with modern Safe Deposit and Escrow Departments. Your patronage is earnestly solicited.

Purely Personal

Miss Ruth Bartlett of Pomona was the week-end guest of Mrs. J. E. Sargent, 449 West California avenue. Miss Eleanor Sargent has gone to Alta Loma near Ontario, where she is to teach this year.

The seventh birthday of little Gretchen Kuehny was celebrated last Saturday with a party at her home, 368 West Doran street, at which sixteen of her friends were entertained with games and party refreshments.

On the eve of leaving for a tour of Canada and a European trip, Mr. and Mrs. Jesse Joseph, who have disposed of their home on Orange and Lexington drive, entertained Dr. R. E. Cummings of Los Angeles, and Dr. and Mrs. R. E. Chase of Glendale, at the Ambassador hotel in Los Angeles.

A girl was born to Mr. and Mrs. A. Collison of Burbank on Monday. Mr. and Mrs. A. J. Muhleman, East Windsor road are the proud parents of a girl, born Monday night.

Mrs. O. H. Belew of Ivy street, who underwent an operation at the Glendale sanitarium two weeks ago, is now sufficiently recovered to return home.

Mr. and Mrs. J. Cole of 122 Ard street are the happy parents of a son, born on Monday.

Mr. and Mrs. H. A. McPherson of North Central avenue are expecting this week Mrs. Caruthers from the Bay district.

Mrs. Nellie Simpson, 203 East Laurel street, following the death of her father, went to Riverside for a little visit with her brother, E. L. Ballinger and family, who reside there. She is expected home Thursday.

Evrett Lindhorst, who arrived from St. Louis Saturday, is now permanently located with Mrs. Dora Lindhorst at 308 South California avenue.

Jack Lawson, son of Mr. and Mrs. John W. Lawson, who formerly resided here but are now living in Monrovia, has just entered Occidental College.

SPURIOUS COIN WAS GIVEN BY MISTAKE

Mrs. Bosserman, 614 South Central avenue, reported to the police yesterday afternoon that on Saturday night she changed a \$5 bill at a Japanese fruit stand on Los Feliz road and in exchange received a counterfeit silver dollar.

Detective Scales, who was detailed to investigate the case, called on H. Nagahama, the proprietor of the stand, and questioned him regarding the spurious coin. The Japanese said that he did know that the money was counterfeit and that he was willing to make good the money to Mrs. Bosserman, either by giving her another dollar or a dollar's worth of vegetables.

The Soviet government seems almost indignant that its hunger should have been mistaken for repentance.

INDIANAPOLIS HAS RENT PROBLEMS, TOO

INDIANAPOLIS, Sept. 28.—There is no tendency toward lower rentals in Indianapolis. On the contrary, rental rates for apartments and residence properties show an upward trend.

For one voluntary reduction in rents there have been six notices of immediate increases and tenants have been confronted with the alternative of paying more or moving—and there is no place to move to.

"I have had two notices from property owners of decreases in rents and at least a dozen notices of increases," the manager of one of the city's leading rental agencies told the International News Service. His statement is typical of word from rental offices. Another said:

"While labor is slightly cheaper and prices of building material are lower, these indications of lower maintenance for rental property are more than offset by the enormous tax rate in Indianapolis."

The tax levy here is \$2.42 per \$100 of valuation.

The housing situation has eased somewhat in this city as a result of the erection of perhaps a dozen new apartment houses and the construction of many new homes. Nevertheless, apartment dwellers and others are hard put when confronted with the question of moving or standing increased rents.

The average rentals in Indianapolis, it was stated by one real estate man, are \$50 a month for half of a modern double house, and \$70 for a five-room apartment.

In some apartments the monthly rate includes ice, gas and electricity, as well as heat.

No organized effort has been made here toward forcing a reduction of rents.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe To
Bring Back Color and
Lustre to Hair

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.
